## Journey of our Student Leaders

**A leader is the one who knows the way, goes the way,  
and shows the way!**

The student Council is truly a representative body who bridge the communication between the student body and the faculty. A fully laid-out election process gave the school its torch bearers. Recognizing and honoring them in the Investiture ceremony signifies the reliance and confidence that the school consigns in the newly invested office bearers. The aim of institution for a Student Council is to enable our students to understand their rights, duties and responsibilities and to empower and train them to become leaders of tomorrow!

## Empowering Assemblies: Life Skills and Health Awareness

This month, our school conducted a series of impactful assemblies focused on essential life skills and health awareness.

Our assemblies on "Navigating Negative Emotions" and "Time Management Techniques" equipped students with strategies to handle stress, manage conflicts, and manage their time effectively. They learned to acknowledge feelings, communicate honestly, practice self-care, and use creative outlets to manage emotions constructively. They also learnt the key to a successful future is rooted in our daily routines and effective time management.

In honor of Anti-Tobacco Day, the Grade 6 students presented a compelling skit highlighting the detrimental effects of tobacco. The assembly concluded with our Principal leading the students in an oath to abstain from tobacco and encourage others to do the same. This powerful assembly was coordinated by Ms Seena Rajesh

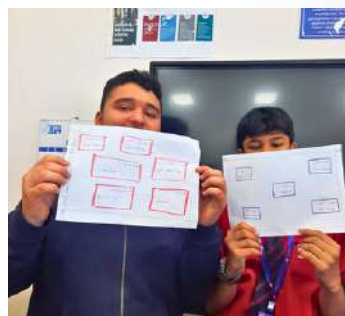

These assemblies are part of our ongoing commitment to nurturing a healthy, supportive, and well-rounded school environment.

Our students recently had the opportunity to reemphasize their values through various contests and activities. These activities centered around values such as responsibility towards our country, family, planet, as well as towards our fellow human beings. They also focused on the importance of appreciation and empathy.

At our school, we prioritize motor skills development activities as they are the building blocks of a child's physical and cognitive growth. These activities, ranging from games and exercises to creative play that help children improve coordination, balance, and fine motor skills, setting a strong foundation for their overall development.

This month, our kindergarten students were engaged in a variety of activities, from expressing their creativity with spring crafts to developing their motor skills through lacing exercises.
