

LOYOLA INTERNATIONAL SCHOOL

IGNITED MINDS

Welcome to a Promising Start

Every academic year is a new chapter in the Loyola story — and April has turned the first page with promise.

We've seen talent take centre stage, wellness woven into everyday life, and our vision for innovation come alive through our pioneering partnership with IIT Madras.

The journey has only just begun, and the possibilities ahead are limitless.

In this first edition of Ignited Minds, with hearts full of hope and minds set to soar, we welcome you to the year's journey — one of growth, purpose, and shared discovery.

New Year Begins!

Gearing up for the new year!

Preparing for the year ahead, our teachers also took part in enriching training sessions — ensuring they were equipped to guide, inspire, and support our learners in every way.

Welcoming with open arms!

April marked a fresh start at Loyola International School as we kicked off a brand-new academic year. We welcomed new students and staff into our Loyola family with warm smiles and open arms.

A Colourful Start in Kindergarten

Our youngest learners began their Loyola journey with joy and laughter. Masha and the Bear made a delightful surprise visit to Kindergarten, bringing hugs, giggles, and memories to cherish.

Holistic Development

Finding Our Colours, Living Our Values

The term began with the vibrant House Meet & Greet, where students met their mentors, explored their house values, and felt the pulse of Loyola's spirit of unity.

Values That Shape Us: Brotherhood in Action

As part of the Ministry of Education's value-based initiative "My Values Shape My Identity," Loyola International School proudly embraced the fifth core value — Ikha'a (Brotherhood) — through a series of reflective sessions.

With the slogan "*Bullying is weakness, kindness is strength*," students from Grades 1 to 6 participated in reflective sessions, story readings, and discussions on empathy and respectful relationships.

Holistic Development

Nurturing Guardians of the Earth - creating a Green Generation

As part of Earth Day, students across grades reflected on how we can be better citizens of our planet.

Assembly inspired awareness and responsibility toward environmental care.

Hands-on activities like posters, crafts, and recycling materials into new forms – helped learners express their commitment to nature.

Even our Kindergarten students took part by planting saplings in our garden, making it a truly school-wide celebration of sustainability.

United by Art

Art has the power to connect hearts across cultures – and at Loyola, Art Day was a quiet celebration of that unity. Through activities we were reminded – Small hands can help shape a better world!

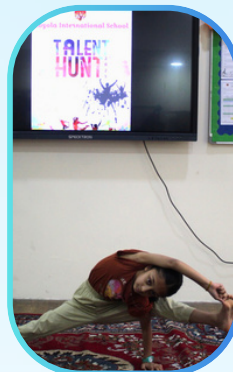

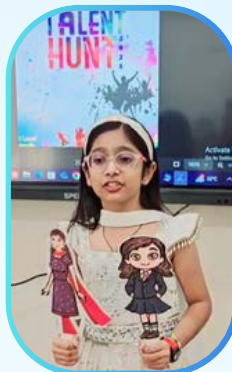

Splash of Blue in Kindergarten

Blue Day at LIS Kindergarten turned into a cheerful blend of colours, crafts, and confidence. Children expressed themselves through art and stories, celebrating creativity in the most adorable way.

TALENT HUNT 2025-26

The celebrations continued with Talent Hunt 2025, where students showcased singing, dancing, sports skills, magic tricks, and more. Every talent found its stage, and every voice was heard. At Loyola, no talent goes unnoticed.

Celebrating Our Champions

When we invest in excellence, results speak for themselves
We take immense pride in our students' achievements this April, both inside and outside Loyola:
